BLACKS AND WHITES ALIKE ARE BEING DISARMED BY MEN IN KHAKI.

STRIKING STREET CAR EMPLOYEES TO VOTE ON COM-PROMISE OFFER.

(International News Service.) CHICAGO, July 31.—Despite the presence of 6,000 troops, armed with machine guns, rifles and bayonets in the riot zone, race rioting broke out again today on the southside when a mob of white men attacked some negroes who sought to return to their work in the stock yards. Reports that four blacks had been killed were not verified. Numerous other riots took place.

Chief of Police Garrity went before the city council as the result of renewed rioting and demanded authority to appoint 2,500 extra policemen.

(International News Service.) CHICAGO, July 31.—Troops of the Illinois reserve militia are on guard in Chicago's riot zone today, and reports indicate comparative quiet in a district which since Sunday has been seething with battles between whites and negroes. Only sporadic fighting is reported, and there have been no killings since early yesterday.

A withering fire greeted the first units of the troops that entered the troubled district. As the troops lined up a fusillade of shots came from windows, doors and alleyways. Shortly afterwards the troops and negroes again clashed, but for the most part the arrival of the soldiers was the signal for the rioters to withdraw to their homes.

Police began dragging the Chicago river today, following reports that many negroes employed in the stock yards have been thrown into the river. The soldiers are searching everywhere for armed negroes and whites, and are disarming everyone. Many incendiary fires have been started in the riot section. A grand jury probe of the rioting is under way today. Reports from towns surrounding Chicago tell of race disturbances in several places.

U. S. troops took a hand in the fighting for the first time today when Capt. Maloney, in charge of a motor transport company, permanently stationed here, ordered his men to return the fire of an automobile load of negroes who made a dozen trips around the blockaded troops, firing each time they passed. The soldiers captured seven negroes, ten revolvers, four knives and a quantity of ammunition.

HOUSE ADOPTS THE INCOME TAX BILL

GAME IS COPPED BY A THREE TO TWO COUNT, DESPITE RALLY.

Riddle Was "Right"

ALLOWED ONLY FOUR HITS AND STRUCK OUT TEN BATTERS.

(By BARRETT SHELTON.)

Haleyville made it two straight over the locals Wednesday afternoon and copped the series in three close contests. Each of the bouts was won by a margin of one run, 1-0, 2-1 and 3-2.

Graham had only one bad inning, the visitors bunching hits. One, a double by Bragg, with two men on, coupled with errors in the sixth, won the contest.

The locals scored one in the second on a single by N. Baker, followed by F. Barnes' hit and a sacrifice. The other counter was put across in the ninth. Hatchett was safe at first on a fielder's choice, F. Barnes being forced at second. E. Baker struck out. E. Barnes delivered in the pinch with a long fly to right which Curtis dropped, Hatchett scoring. Graham tried hard to bring Barnes home but lacked the punch, and another ball game was lost.

F. Frohoff, while weak at the bat, played an excellent game in right, getting several hard chances and cutting a run off at the plate with a great throw.

N. Baker got two of the local's hits out of the four, a single and a double. F. Barnes and Steadman got the other two safeties. Steadman's hit being a double along the right field foul line. IRWIN PURCHASES WADE PROPERTY ON BANK STREET

THREE IMPROVEMENT STORIES ARE ANNOUNCED IN DECATUR THIS MORNING.

To Build Bungalows

FOUR STORES WILL BE REMODELLED BY THE OWNERS IT IS ANNOUNCED.

Another real estate boom hit Decatur today, simultaneous announcements being made of three improvement stories.

S. W. Irwin, well known real estate dealer has purchased the Wade stable property and lot, just across the street from the new Federal building for \$20,000 cash and within a short time will begin extensive improvements of the building, converting it into a handsome mercantile establishment.

Work was begun this morning on the building recently bought by Sam Frank on Bank street. The Frank building and the three bought some time ago by Thomas E. Pride will be remodelled and improved, new fronts being installed in all of them. All of the stores have been leased and will be occupied as soon as the improvements are completed.

Work of tearing down the old Burleson house on LaFayette street has been started. Two handsome new bungalows will be erected on the lot at a cost of \$12,000, by Boggs brothers, who purchased the lot from L. O. Stout.

TELEPHONE LINES RETURNED TONIGHT

At midnight tonight, the lines of the American Telephone and Telegraph company and the Southern Bell will be returned to their owners. Orders were received today from the post office department to return the lines tonight.

In his order the Postmaster General declared that with one exception the companies gave the government their heartiest cooperation. Under the resolution returning the lines, as passed by congress, intra-state rates fixed by the government are to remain in effect four months.

CITY BUYS "EATS" FROM UNCLE SAM AND SELLS THEM AT COST.

(International News Service.)

WASHINGTON, July 31.—"Reduce the daily increasing high cost of living, or face bread riots." That, in effect, is the chief slogan now being impressed on President Wilson and his chief aides by national labor and sociological leaders. It is expected here that President Wilson will, in the very near future, ask congress to take drastic measures to end the situation that daily is becoming more and more intolerable.

The President had before him last night and today a report presented to him by Warren G. Stone, and the advisory board of the Brotherhood of Locomotive Engineers. Their flat declaration that "a widespread spirit of unrest exists among all classes, especially among wage-earners, whose wages will no longer provide adequate food, shelter and raiment for themselves and their families," has stirred the chief executive very deeply.

It became known today that organized labor is to wage a campaign to reduce the high cost of living.

NEWARK BLAZES TRAIL

(International News Service.) NEWARK, N. J., July 31.—Mayor Charles P. Gillen blazed a trail into the high cost of living here today by throwing into the market \$100,000 of plain foodstuffs for sale direct to the consumer by the city. The food was purchased with city funds from the U. S. army surplus, and the same opportunity is open to every municipality in the country. A great crowd was on hand, eager to take advantage of the low prices. Bacon sold for 36 cents a pound and 250 pounds was sold in the first hour. City authorities warned the public that any attempt to buy the food and re-sell it would result in ruthless exposure and prosecution.

The new second sacker is none other than "Doc" Cook who comes back to his old camping ground after wanderings in the Texas, American and Southern leagues. For several weeks he has been hanging out at Lawrenceburg, but Manager Hames has obtained his service to fill the gap left by McDuff's departure for Norfolk.

The new first baseman is a personal friend of Manager Hames. He wired the local manager that he expects to reach here Saturday.

Cook has been suffering from chills for several days and it is not known just when he will be able to report. It is probable, however, he will appear in the line up at an early date.

"Dutch" Mitweide, clouting third sacker for the old "Y" two seasons ago, has received his discharge from the army and is hurrying in this direction to again take up his duties with the local clan.

The coming of the three new men will necessitate a shake-up in the line up. The ex-soldier will take first, Cook second, Halbrooks short and Mitweide third. Newel Baker probably will replace E. Baker in center-field.

The new team will be one of the hardest hitting aggregations in semi-professional circles in the state and Manager Hames expects to wind up the season by staging games with the fastest opposition Alabama and Tennessee can offer.

"Red" Roberts, former left gardner, has been re-signed and will be taken to Huntsville it was announced today. "Red" probably will be retained as utility man and pinch hitter.

Rev. G. C. Walker, pastor of the Southside Baptist church, will preach at the open air meeting on the Y. M. C. A. lawn Sunday night. It was announced today. Rev. W. P. Wilka, pastor of the Central Baptist church, was scheduled to speak but in his absence, Rev. Walker has consented to fill the pulpit.

There will be a special meeting of Decatur Lodge No. 52, I. O. O. F. tonight. All members are requested and urged to be present as business of importance will come before the Lodge. W. L. Hatchett, Secy.

THE BRUTAL TREATMENT OF AMERICAN PRISONERS

One of the most sensational chapters of the war is now being written by a congressional committee that is investigating conditions that existed in American prison camps in France. Witnesses testifying before this committee have disclosed disgraceful secrets that reflect most keenly on not only subordinates, who in some instances have been brought to account, but also on "higher ups" who have obviously been protected through pull or position.

Originally the public had obtained the impression that, Lieut. "Hard Boiled" Smith was the prime transgressor, largely because of the appropriate sobriquet which he had acquired by his brutalities. That this impression was erroneous, and that "Hard Boiled" was only the cat's paw of superior officers in being made more clear as the light is turned on, Smith, himself a witness, admitted that it was with him a choice of "beating or being beaten," and this testimony has been supported by that of other soldiers of lesser rank who were compelled to apply the blackjack with a relentlessness that would have shocked a guard employed in the prison mines of Alabama.

There is not the slightest doubt that American soldiers, frequently by inherent right, guilty often of only minor offenses, were treated like convicts. Prisoners who attempted to get into touch with friends on the outside and to make their plight known, were the worst sufferers. In fact, it is evident that there was not only a conspiracy on the part of a cabal of officers to mistreat men, but also to enjoy this monopoly unhampered by public protest or by the danger of an investigation.

The American people will demand that all who were responsible for the maltreatment of soldiers who had gone out to fight in defense of their native land, and to rebuke the Germans for their acts of aggression, shall be given their just dues. Until this is done, no American can with propriety denounce the acts of inhumanity that marked the military campaigns of the Huns, direct descendants of Europe's early barbarian hordes.

THE SHOW OF OPPOSITION IS NOT CONCLUSIVE

The similarities of the recent show of opposition to the consolidation of the cities of Albany and Decatur, and the long fight necessary in colonial times to secure the final ratification of the American constitution, suggest a new way of encouragement to those who are standing firm for city consolidation.

It was charged that those for the federal constitution met behind closed doors. A great storm of opposition greeted the new constitution when it was offered for ratification. Richard Henry Lee, who was the mover for the Declaration of Independence eleven years earlier, led the congressional fight against the constitution. Just as now, some, who early came out publicly for consolidation, and gave their council for it, are now opposing it. In Washington's day, when he was working for the constitution he was called an "old fool," and Benjamin Franklin an "old dotard" who had learned to love Europe and wished to fix foreign ideas on the new nation, just as those absolutely true to both Albany and Decatur are now being falsely charged with lack of loyalty to one or both towns. It is a fact that Pennsylvania when she did finally vote for the ratification of the constitution, did so after much opposition, though in that state the Liberty Bell first rang. Many compromises were necessary, just as now compromises will be made on either side if calm counsels are allowed to prevail. In the early days, great states like New York, Virginia and Massachusetts wished to keep on charging special tariff on all goods shipped in from other states. But such selfishness did not defeat the constitution. Those early consolidationists had on their hands, even after enough states began to fall in line to make the federal instrument effective, great states like New York and Virginia were not among the first nine to ratify. Massachusetts ratified among the first nine, but by only the small margin of nine votes, out of a total of three

hundred and fifty votes cast.

Thus until 1789, years after the original declaration, did violent methods, anger, narrowness, prejudice and selfishness defeat the greatest human document ever framed. How could success come against such great odds? Just as the rivulet cannot be stopped by many shovelfuls of earth piled upon it, neither can the spirit of progress that seeks to unite as one these two worthy cities, be quenched by a show of opposition, and many shovelfuls of prejudice, exparte reasoning and near sighted vision.

The Lynne bill in principle is fair and just, free from a purpose to injure either of the cities of Albany and Decatur. Let the community have a sober second thought, then it will deliver itself from those objectionable things that are standing in the way of a peaceable, neighborly consolidation of these cities.

TWIN CITIES WELCOME THE BOY FARMERS

The Twin Cities are especially glad to welcome the boy farmers who are today meeting at the rooms of the Albany Board of Commerce for the purpose of studying agriculture, their chosen profession. The boys have assembled at the request of Ernest Barnes, county farm agent, who has brought a number of experts here to address and instruct them.

It is a bright omen for Morgan county that the farmers of tomorrow are to be educated farmers. They are to be men who do not rely altogether on "elbow grease," and who know that brains and knowledge are just as essential to success in farming as in other pursuits. These farmers of the future will enrich their lands, make them constantly more productive, and will not rob the soil of its native wealth by constantly planting the same crop. The Germans were great fighters because they made war a science. The boys farm clubs are seeking to reduce agriculture to that same exact science. They should meet with every encouragement.

In the death of Judge Ephraim E. Erwin at Columbia, Tenn., the state loses a man of whose like is rarely seen. His people sincerely mourn his passing, for a loss has been sustained as friend, councillor and public servant whose equal Maury county, Tennessee, has not had in this generation. Lovable and kind in deportment to the people, forceful and able in the discharge of his public duties and faithful and honest, Judge Erwin laid down the care of life, having performed his tasks in ways to merit the confidence and affection of all. He was a composite of tenderness and brains and his service of thirty-two years as Recorder of Columbia and his public service in educational development and establishment of the public school system, as a member of the county court for years, were among his many activities that so largely contributed to the high plane of citizenship of Columbia and Maury county, that is enjoyed today in the "Dimple of the Universe." The late Judge was widely known and hearts are saddened at his home and abroad. A fitting epitaph would be "A Good Man."

Voice of the People

Editor Albany-Decatur Daily:

I want to thank you for your fair and consistent handling of the question of consolidation now before us. I think it is as much your duty to inform yourself and express to all, your convictions, as it is for me to repair cars as I have for many years. Any who have dared to be intolerant in this fight deserve the strongest condemnation and they are getting it.

When it gets to where editors are cramped in any way as to their convictions, I think we are all getting in a bad way, especially those who try to be intolerant. Another thing, I want to speak about is the lack of back bone among so many in this fight for consolidation. Men who were counted on strong to do and say certain things because of their expressed convictions in the past, have certainly done very strange to say the least. And I do not see again, if the opponents of consolidation are so sure they have about a hundred per cent of the people with them, why they are sending high priced men out to circulate petitions against our right to vote on the consolidation question? Can you answer me that? As for those who were working against consolidation in the shops during work hours yesterday, I do not think it looked very well. Why should they seek to be in such a hurry?

I will say this much about the Lynne bill as I have seen it. It seems to me to be fair and will work no hardship on either city to start off with that I can see. At least we in Albany, will have the majority on the council as we will have 9 votes to Decatur's 8 votes. I shall watch your paper for further developments in the consolidation fight with interest.

Yours for consolidation,
J. B. GARRETT.

JUST IN PASSING**OUT OF LUCK**

"Cy" Graham, star member of the Albany-Decatur hurling corps is "out of luck" to use an army-navy expression. In yesterday's contest he broke

his faithful willow stick with which he had been wont to clout 'em out. He lost his batting eye immediately. On his last appearance at the plate yesterday he had an opportunity to bring Barnes in with the tying run but failed.

KHAKI-BLUE AFFAIR

"The dance to be given in the Colonial club building Saturday night when the Naval band from New Orleans will play promises to be one of the largest attended affairs ever staged here," said Albert Roberts, member of the committee on arrangements. "It reminds me of the khaki-blue dances that were given during the war for soldiers and sailors. The uniform will be very much in evidence."

THE DEVIL'S OPPORTUNITY

"The sudden rains of the past few days have certainly provided an excellent opportunity for his Satanic Majesty," said a well known citizen today. "I have a number of chickens and it falls to my lot to get them under cover in times of storm. And everybody knows that chicks have a habit of wanting to go in exactly the opposite direction from the one you want them to take. It would make almost anybody lose his religion."

Aviators Find the Super-Six Is Next to Flying

Aviators everywhere are following the lead of noted racing drivers in selecting the Hudson Super-Six for their personal use. This is a notable tribute to the car itself as no men are better qualified to judge of real quality in an automobile.

Col. W. A. Bishop and Col. W. G. Barker, two of the most famous aviators in the world, are the most recent Super-Six enthusiasts.

Col. Bishop is officially credited with the destruction of 72 enemy airplanes, while Col. Barker has 52 to his credit. Both have received the Victoria Cross and many other decorations.—Advertisement.

Simple Operations Fitted Together

The business of Swift & Company is the fitting together of many simple operations.

No one thing in a packing business is particularly difficult for men trained to do it; but no one thing is enough.

Thousands of other operations, properly performed, are necessary for the completed processes. And some one must fit together all these thousands of simple operations.

The success with which a packing business performs its function of supplying the best possible meat products to the consumer with the greatest possible benefit to both him and the producer depends upon the energy, brains, experience, and faithful effort of the men trained in the business.

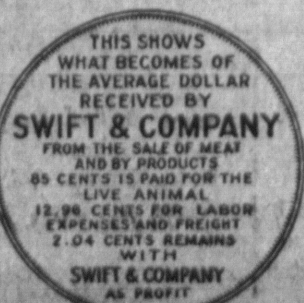

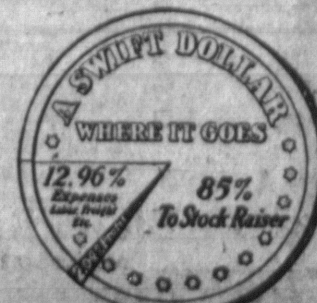

Swift & Company turns the producer's live stock into meat for the consumer at a profit of only a fraction of a cent a pound, because it fits these operations together with the least waste, overlapping, and friction.

Do you believe government direction could do it better?

DOINGS OF THE VAN LOONS

Father seems to have had the right hunch!

PUT a pipe in your face that's filled cheerily brimful of Prince Albert, if you're on the trail of smoke peace! For, P. A. will sing you a song of tobacco joy that will make you wish your life job was to see how much of the national joy smoke you could get away with every twenty-four hours!

You can "carry on" with Prince Albert through thick and thin. You'll be after laying down a smoke barrage that'll make the boys think of the old front line in France!

P. A. never tires your taste because it has the quality! And, let it slip into your think-tank that P. A. is made by our exclusive patented process that cuts out bite and parch—assurance that you can hit smoke-record-high-spots seven days out of every week without any comeback but real smoke joy!

E. C. KIRBY DECLARES LABOR VOTE IS IN FAVOR OF CONSOLIDATION

Resends Petitions' Claim to Represent 90 Per Cent of Qualified Voters of Albany.

E. C. Kirby long time employee of the car department of the Louisville and Nashville shops and a prominent citizen of South Albany, in speaking of the latest circulation of petitions in the shops made the following statement:

"Those petitions circulated Tuesday did not start off to suit me in the first place. They said that the undersigned citizens of Albany, representing 90% of the voters, etc. I wondered how 90% of the voters had managed to appoint all the signers to represent them, and who the 'ninety per cent voters' were any way. I knew that in the past at least 25% of our people had petitioned for consolidation, so I figured that 90% was pretty high to put the figure as the number of those against consolidation. And the last of the petition, or whoever wrote it, made the signers express the opinion that a 'curb' should be put on the agitation for consolidation. That did not sound good to me, as I think as free citizens, we should be allowed to discuss so important a matter as consolidation all we wished to, and vote on it

as often as we pleased.

"Of course I did not sign the petition, as I knew that it was circulated by the enemies of consolidation and was intended to work injury to the cause. And the argument made by the solicitors seemed very poor to me, as the whole of it was expressed in the fear that Decatur would benefit. I don't care how much Decatur benefits, as I know we will benefit very largely in Albany, when we all go in for a big city. Then there will not be any 'over there' and 'over here' for we will all be one city.

"Any who are thinking they can speak for the working man's vote and tell that it is going against consolidation will miss it, I am sure. We are interested in more and better places to work, and not so much in whose property values are going up or down. I say let us have consolidation and get more elbow room for ourselves, and continue to turn a deaf ear to the political workers. They have their interests of course but we have ours to look after and to open up ways and means to get further out into the country is what we want."

HOW SHIVAR ALE RENEWES HEALTH

New England Scientist Discovers the Secret of the Well-Known Health Giving Properties of This Famous Southern Product.

Dr. W. H. Morse, Consulting Scientist, Hartford, Conn., after careful analysis and experimentation, has discovered the scientific reasons for the well-known medicinal effects of Shivar Ale, a Southern mineral water product, whose health giving properties have won the favor of the medical profession, as well as the laity, throughout America.

Dr. Morse's attention was first attracted to this subject by own personal experience in the use of the Ale, and by his observation of its beneficial effects upon his patients, but not being contented to merely observe the results, he decided to find out the cause. His analysis and practical tests disclose the fact that Shivar Ale possesses marked beneficial effects upon the system in three relations, namely, digestion, nutrition and excretion. Dr. Morse finds that the Ale increases the flow of the digestive fluids namely, saliva, gastric juice and the pancreatic and intestinal juices, thus assisting weak stomachs in the digestion of all varieties of foods. It prepares the food completely for absorption and nutrition, thereby improving the health, strength and nourishment of the system as a whole, including the stomach itself, for the stomach is one of the first organs to suffer from the consequences of its own failure to properly digest food.

Dr. Morse further explains that in consequence of the perfect digestion and the increase of digestive fluids, the Ale corrects constipation, biliousness, headache, numerous forms of auto-intoxication, uric acid poisoning and many other disorders growing out of faulty digestion and faulty elimination.

Old Soldier Testifies to Wonderful Merits of Number 40 in Constipation, Stomach Trouble and Catarrh.

National Home, Wis., May 12, '19
"When I commenced taking Number 40 For The Blood, I was suffering with chronic constipation of a good many years standing, which finally developed into stomach trouble which got so bad I was unable to eat anything that did not cause great suffering. I tried a good many doctors as well as everything I could hear of that was recommended for my complaint. I was also troubled with catarrh of long standing and I had tropical swellings in my feet and ankles which the doctors said was caused by a weak heart. I had about given up hope of being much better when I saw an ad. of your No. 40 in a country paper and concluded to try it. I felt so much better after taking one bottle that I sent direct to you for three more bottles. I have taken about two and a half bottles and while not feeling entirely well, I feel my continuing the use of 40, I will get to feel as well as I could reasonably expect for a man of my age, 75 years. I hardly know how to estimate the value of the benefit I have already received from the use of No. 40, and cheerfully recommend it to any one suffering as I was." Morris Law. Witness to signature, Nelson H. Pease. 40 is a combination of the best alterations selected from the best prescriptions received and compounded by J. C. Mendenhall, Evansville, Ind., 40 years a druggist. Sold by Freut-Dillehay Drug Co.—Advertisement.

THOUGHT

"And they hated me without
cause."

BRIDGE LUNCHEON.

This morning Mrs. Robert Daniell
entertained at a Bridge Luncheon in
compliment to Miss Lynda William-
son, the initial social event of the
Williamson-Clements nuptials.

The lower floor was opened for the
Bridge game and decorated with gift
flowers, marigolds and daisies ex-
pressing the color motif.

Mrs. Daniell was charming in gray
georgette, and a corsage of sweet
peas in pastel shades. She was as-
sisted in receiving by her mother,
Mrs. Dougherty of Macon, Ga., who
was very attractive in a black crepe
meteor with touches of old lace. The
honoree was like a bit of dresden,
wearing a girlish costume of white
georgette topped by a big brimmed
hat of white georgette and lace.

The score cards were hand painted
brides.

At the conclusion of the game in
which Mrs. Rufus Pearson made the
top score, a tempting salad course
was served. The favors were minia-
ture baskets of mints, the handles
concealed by filmy bows of yellow
tulle. Those invited were Mesdames

Jones, J. H. Calvin, J. W. Baily, W.
C. Bailey, B. P. Wallace, S. W. Ir-

GIRLS! USE LEMONS FOR SUNBURN, TAN

Try It! Make this lemon lotion
to whiten your tanned or
freckled skin.

Squeeze the juice of two lemons in-
to a bottle containing three ounces
of Orchard White, shake well, and
you have a quarter pint of the best
freckle, sunburn and tan lotion, and
complexion whitener, at very, very
small cost.

Your grocer has the lemons and any
drug store or toilet counter will sup-
ply three ounces of Orchard White for
a few cents. Massage this sweetly
fragrant lotion into the face, neck,
arms and hands and see how quickly
the freckles, sunburn, windburn and
tan disappear and how clear, soft and
white the skin becomes. Yes! It is
harmless.—Advertisements.

LEGION TO MEET ON TUESDAY NIGHT

MANY IMPORTANT QUESTIONS
WILL COME UP FOR
DISCUSSION.

The Morgan county post of the
American Legion will meet Tuesday
night in the rooms of the Albany
Board of Commerce at 8:30 o'clock,
according to a call issued today by
Commander Burleson, Vice Command-
er Almon and Adjutant Bloodworth.

A number of important questions
will come before the meeting Tues-
day night and a large attendance is
expected. It will be the first night
meeting of the post, the previous two
having been held in the courthouse
at noon. Members believe the night

meeting will be more convenient for
the majority of the ex-service men.
The membership committees named
at the first meeting of the organiza-
tion today were requested to notify
all present members and all returned
soldiers, sailors and marines of the
meeting and impress on them the im-
portance of attending.
The Legion is open to all men who
served honorably in the army, navy
or marine corps, their honorable dis-
charge being the only membership re-
quirement.

Would Elevate Business.
The barbers of Osaka, Japan, who
number 4,500, have approached local
authorities with a proposal to estab-
lish a training school for the knights
of the razor. It has been complained
that "many barbers in Osaka have
not that elementary knowledge of
surgery absolutely necessary for their
vocation," and the better qualified wish
to compel all intending to enter this
profession to pass final examinations
at the special school.

**"DELAYS ARE
DANGEROUS"**
You can't afford to neglect BOWEL
DISORDERS. The minute they
start give them attention—serious
and intelligent attention.
Diarrhoea, Flux, Cholera Morbus,
Colic, "Summer Complaint", Chol-
era Infantum and the like are
deadly dangerous if allowed to
"run on."
There's a remedy! It's safe! It's
DR. THACHER'S DIARRHOEA
MIXTURE—in successful use for
half a century (through two chol-
era campaigns). Found at all drug
stores for 35c. Compounded in the
laboratories of the THACHER
MEDICINE CO., Chattanooga,
Tenn.
Get a bottle and have it in the
house ready. Particularly for the
CHILDREN; and then WATCH
the kiddies and give them this
good old medicine promptly.
